*Proceedings of the Madras Government, Public Works Department,
11th November 1870.*

Read the following papers :—

No. 200. From the Special Executive Engineer, Wynaad, to the Secretary to Government, Public Works Department, dated Wynaad, Vythery, 25th October 1870, No. 687.

WITH reference to G. O. No. 2,445, dated 11th instant, paragraph 5, I have the honour to request that I may be permitted, through the Controller of Public Works Accounts, to substitute the surrender of other funds allotted to the Wynaad District in place of the 6 per cent. reduction on maintenance grants.

2. The reduction under the same head last year was ordered at a time when the allotment for certain of the roads had been almost entirely expended, and in consequence the share that would otherwise have been surrendered from those had to be made up from the allotments of others, these latter being so reduced as to leave so little that conservancy became impossible, and as a matter of course the injury sustained has been proportional. It requires every rupee of this year's allotment to save those roads from utter destruction, while the extraordinary down-pour of rain now taking place has done so much damage to the other lines that I am unable to assist from those allotments.

3. I presume, however, that there will be no objection to the substitution of funds other than maintenance of communications, provided the quota from the district is made up.

4. I respectfully request an early reply in order to make the necessary arrangements.

No. 201. Endorsement of the Controller of Public Works Accounts, dated Madras, 31st October 1870, No. 1,606.

From the Special Executive Engineer, Wynaad, to the Controller of Public Works Accounts, dated Wynaad, Vythery, 28th October 1870, No. 699.

WITH reference to paragraph 4 of G. O. No. 2,445, dated 11th October 1870, I have the honour to forward a statement showing the reduction of 6 per cent. on maintenance grant in the three ranges of Wynaad amounting to Rupees 2,559.

2. As the reduction made under the same head last year resulted in great deterioration to some of the roads, a repetition of the same will do serious injury, and, therefore, I beg to propose that, in place of the reduction being taken from maintenance grants, that the following may be substituted :—

ORIGINAL WORKS.

Civil Buildings.

	RS.	A.	P.
Sub-Magistrate's Cutcherry and Subsidiary Jail at Goodalore ...	500	0	0
Deputy Collector's Cutcherry at Manantoddy ...	500	0	0
Sub-Magistrate's house at Vythery ...	209	0	0
<i>Minor Repairs to Civil Buildings.</i>			
North Wynaad ...	650	0	0
South-East Wynaad ...	250	0	0
Vythery ...	450	0	0

Total... 2,559 0 0

3. In making this proposal I do it simply as a choice of two evils, made on the principle of sacrificing a limb to save a life, and trust that, if the substitution is not approved, the amount proposed to be surrendered may not be taken for other purposes, as it is not that I am unable to spend this money but can spare it better than maintenance.

SUBMITTED for the consideration of Government, with a recommendation that, under the circumstances brought to notice by Major Kennedy, the first three of the transfers proposed at the foot of paragraph 2 may be submitted for the sanction of the Government of India, and that the three last may be authorized by this Government.

(Signed) S. BROCK,
Controller of Public Works Accounts.

No. 202. ORDER THEREON, 11th November 1870, No. 2,702.

ACCOUNT, No. 20.

As Major Kennedy represents that the reduction of 6 per cent. on the grant for Repairs under Communications ordered in G. O., No. 2,445, dated 11th October 1870, cannot be carried out without considerable detriment to the roads in Wynaad, His Excellency the Governor in Council approves of the proposals which that Officer makes with a view of surrendering the amount from other than maintenance allotments by which the grant for Wynaad would be diminished under the orders in question. The sanction of the Government of India will be applied for to the proposed transfers from "New Works."
