No. 398

NORTH ARCOT COLLECTOR'S OFFICE,

Panipet 14 October 1870.

From J. W. Wilkinson Esq.

To H. H. H. Collector of North Arcot.

To W. S. Whiteide Esq.
Acting Collector of North Arcot

Sir,

I have the honor to forward herewith an estimate prepared by the Supervisor in charge of the Wallaja Range for the demolition of the mud walls of the Cavalry lines at Panipet. The estimate amounts to Rs 425. The materials of the roofs of these lines were recently sold by public auction and realized the sum of Rs 1530.

2. It is hardly necessary to point out that if these walls are permitted to remain standing they will become a great nuisance to the place being used by the people of Kare a village near, as privies and receptacles for dirt. They will soon become as has occurred in another part of Panipet, overgrown with prickly pear.

the growth of which it will be impossible
without a larger establishment than
that of a Village to check. The Sanitary
Commissioner during his visit
here in May last, was strongly of
opinion that they should be levelled.

3 The easiest and cheapest way, to carry out the demolition would be to put a gang of prisoners under my orders until the work was done, but this plan was objected to in 1867 and probably will not be acceded to.

Have you

(Signed) J. H. Wilkinson

No. 253
 North Arcot
 Collector's Office
 Chennai 19 October 1870
 From *W. S. Whiteside Esq.*
Acting Collector of North Arcot

To *Colonel C. V. Wilkinson R. E.*
Superintending Engineer to Division
Madras

Sir
 I have the honor to forward copy
 of a letter from my Head Quarters dated 14
 instant No. 398 and the estimate which
 accompanied it, for dismantling and
 levelling the mud walls of the Cavalry
 lines at Rainpet, and to request that
 you will, under the circumstances re-
 presented by Mr. Wilkinson, be so good
 as to submit the estimate for the sanction
 of Government with your counter-signa-
 ture, pointing out at the same time the
 source from which the proposed ex-
 penditure Rs 425 can be met. I have
 not myself seen the lines, the walls of
 which

AW *19 October 1870*

which have to be levelled, and so am
unable to express an opinion as to the
moderation or otherwise of the estimated
cost of the work, but, looking at the
amount of the estimate, I think Govern-
ment are paying rather highly for what
has to be done.

I have the honor to be,

Sirs

Your most Obedt Servt

C. Whitfield

Acting Collector

N. 3131.

Submitted to Government for orders

2. Runwpt. has been abandoned as a
Military Station for some years and will probably
not be used as such again.

2 Encls

3. It seems desirable for the reasons given
by the Head Assistant Collector to remove the
mud walls of the Cavalry lines.

4. The estimate has been checked in
this Office, but cannot be reduced.

5. The cost may be met from the grant
for Civil repairs in the North Arcot District,
of which there is a balance of Rs 3122,
but the Superintending Engineer sees no reason
why the work should not be done by contract,
as suggested by Mr. Wilkinson.
