*Proceedings of the Madras Government, Public Works Department,
12th November 1870.*

No. 230. Read the following Circular from the Government of India, Public Works Department, (Buildings and Roads—Military,) to the Governments of Madras, Bombay, Bengal, the North-Western Provinces and the Punjab, in the Public Works Department; the Chief Commissioners of Oudh, the Central Provinces, and British Burmah; the Resident at Hyderabad; and the Agents to the Governor-General for Central India and Rajpootana, dated Simla, 12th October 1870, No: 57:—

I AM directed to inform you that it has been decided by the Government of India that the construction of Rifle-ranges and butts for the use of Native Infantry Corps should, as in the case of British Regiments, be undertaken by the Public Works Department, the earthwork being entrusted to the sepoys, if they will undertake it for an aggregate sum not exceeding the cost of hired labour at the market rates, as estimated by the Executive Engineer.

2. These butts will, however, be erected at those stations only where Rifle Corps are permanently quartered.
