No. 268. • Read the following letter from the Executive Engineer in charge of the 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 2nd November 1870, No. 651 :—

I HAVE the honour to request you will be good enough to obtain for me deputation allowance for being in charge of the 6th Division. In accordance with paragraph 9 of the Standing Orders of the Government of India, No. 11 of 1865, on the subject of acting allowance, it is clearly laid down that during the absence of a permanent incumbent on general or privilege leave, special duty or field service, the rules for deputation allowance are to be applied. On the last occasion when Captain Oakes was absent on privilege leave I was in charge of the Division for three whole months, attending to the duties of a Superintending Engineer, without any pecuniary advantage whatever, either in salary or travelling allowance, although I had to travel more frequently and also over a larger area of country than I would have to do as Range Officer. Now that I am again in charge of the Division, and discharging in addition the duties of a Range officer, I hope that, in accordance with the ruling of the Government of India quoted above, the local Government will give my claim to deputation allowance their favourable consideration, and also permit me to draw travelling allowance at the rate passed for a Superintending Engineer.

No. 269. ORDER THEREON, 15th November 1870, No. 2,738.

ESTABLISHMENT, No. 27.

As in the present state of the Public Works assignment it is not expedient that the temporary charge of the 6th Division should entail expense, His Excellency the Governor in Council does not consider it necessary to notify Captain Montgomerie's appointment to officiate as a Superintending Engineer to entitle him to draw deputation allowance.
