Read the following papers :—

No. 270. From the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 1st November 1870, No. 2,562.

INTIMATION has been sent to me that very considerable damage has been done by the late heavy rains in Ganjam and Vizagapatam Districts. As Captain Beckley has now no special duty to perform, having completed the Rooshkoolia project, I have requested him to be good enough to look specially after the works, roads, tanks, etc., in those districts; as it is quite impossible for me to leave this part of the Division at present, just as we are completing the Delta estimates and are about to begin the works already sanctioned, besides having damages to repair in this district to a very considerable extent, I request therefore you will be good enough to let me know, by telegraph, if my proceedings have the approval and sanction of Government.

No. 271. Telegram from Major FISCHER, Dowlaishweram, to Colonel ORR, Madras, dated 5th November 1870.

DAMAGE caused by late heavy rains: slight in Ganjam, very bad in Vizagapatam and Godavery. Additional funds under Agricultural and Communications urgently required for repairs. Weather again very bad.

No. 272. ORDER THEREON, 15th November 1870, No. 2,739.

ACCOUNT, No. 29.

THE proceedings of the Acting Superintending Engineer as reported in this letter are approved. As the Government are not in a position to supplement the funds allotted to the 1st Division it will rest with that officer by a judicious re-appropriation of the money at his disposal to provide for carrying out all emergent repairs rendered necessary by the late heavy rains.

Sir

Intimation has been sent to me that very considerable damage has been done by the late heavy rains in Coimbatore and Vizagapatam Districts, as Captain Beckley has now no special duty to perform, having completed the Rooskoolia project, I have requested him to be good enough to look specially after the works - roads, tanks &c. in those Districts; as it is quite impossible for me to leave this part of the Division at present, just as we are completing the D. P. M. Estimates, and are about to begin
the

the works already sanctioned, besides
having damages to repair in this District
to a very considerable extent, I request
therefore you will be good enough to let
me know, by Telegraph, if my proceedings
have the approval and sanction of
Government.
