MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No. 2743	Press Mis.
Dated 15-11-1870.	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
15th November 1870.*

No. 280. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Bazarah, 20th October 1870, No. 97 :—

IN reply to G. O., No. 1,184, 4th May, I have the honour to observe that the investigation of Dondapaud tank had made such progress in Captain Smith's hands that before he left India he had been able to draw up a sketch report, but as nobody in the district had sufficient knowledge of the various parts of the project to put it together, I asked Captain Smith if he would undertake it himself.

2. This he has obligingly done, and I hope to have it shortly back from him.

3. As regards the Muneyair scheme, I cannot procure any returns. About four miles of the old channel running close along the bank of the river were cleared by the Zemindar. Water was obtained for about 34 acres, but the channel shortly after breached back into the river, and the work is nearly a ruin again.

4. I examined the stream and its neighbourhood carefully in the early part of this year, and fully agree with the remarks made by the third Member of the Board regarding it.

No. 281. ORDER THEREON, 15th November 1870, No. 2,743.

IRRIGATION, No. 19.

ORDERED to be recorded.

(True Extract.)

No 97

Superintending Engineer's Office

2nd Bn. Bangalore

20 October 1870

From Colonel F. J. Moberly R.E.

To Superintending Engineer 2d Bn
Colonel C. A. O'M R.E.

Sir In reply to G. O. No 1184 - 4th May
I have the honor to observe that the investigation of Bondapaud tank had made such progress in Captain Smith's hands that before he left India he had been able to draw up a sketch report. but as nobody in the District had sufficient knowledge of the various parts of the project to put it together, I asked Captain Smith if he would undertake it himself.

2 This he has obligingly done & I hope to have it shortly back from him.

3 As regards the Muneypair scheme, I cannot procure any returns. About 4 miles of the old channel running close along the bank of the river, was cleared by the Zemindar.

Water was obtained for about 34 acres. but the Channel shortly after, breached back into the river and the work is nearly a ruin again

again.

I examined the stream and its neighbourhood
carefully in the early part of this year and
fully agree with the remarks made by the
third member of the Board regarding it.

I have the honor to be

Sir

Your most Obl. Servant

H. Hooper Col. R.E.
