*Proceedings of the Madras Government, Public Works Department,
16th November 1870.*

No. 296. Read the following letter from the Agent and Manager of the Madras Railway Company, to the Secretary to Government, Public Works Department, dated Madras, 14th November 1870, No. 4,225:—

UPON the requisition of the Acting Chief Engineer, I have the honour to request that you will be good enough to let us again have the use of the two centrifugal pumps which you placed at our disposal last year.

2. We have no pumps in stock which are sufficiently powerful to exhaust the water from the interior of a coffer dam sunk in the bed of any of the big sand rivers, and I have the honour to make this request as we are at present in want of two for that purpose.

3. If you are kind enough to let us have them, may I ask you to let me know when I shall send to the Public Works Department for them and to which depôt.

No. 297. ORDER THEREON, 16th November 1870, No. 2,752.

RAILWAY, No. 36.

THE Government have no objection to the Railway Company being allowed the use of the two engines with centrifugal pumps referred to from the Public Works Stores, and the General Superintendent will issue the articles on application from the Agent and Manager.

Sir

Upon the requisition of the Acting Chief Engineer I have the honor to request that you will be good enough to let us again have the use of the two Centrifugal Pumps which you placed at our disposal last year.

We have no pumps in stock which are sufficiently powerful to exhaust the water from the interior of a Coffin Dam sunk in the bed of any of the big sand rivers and I have the honor to make this request as we are at present in want of two for that purpose.

If you are kind enough to let us have them may I ask you to let me know when I shall send to the Public Works Department for them and to which Depot.

I have the honor to be
Sir
