*Proceedings of the Madras Government, Public Works Department,
17th November 1870.*

No. 313. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Cuddapah, 5th November 1870, No. 1,621:—

REFERRING to the estimate of Rupees 5,100 for restoring the Munro Choultry and well at Putticohdah, sanctioned in G. O., No. 267, dated 1st February 1869, in the Revenue Department, I have the honour to request the consideration of Government as to whether provision cannot be made for the work in the Budget for 1871-72, as no funds have yet been provided for it as contemplated in G. O., No. 408, dated 9th February 1869, in the Public Works Department.

No. 314. ORDER THEREON, 17th November 1870, No. 2,761.

CIVIL WORKS, No. 23.

THE Government observe that the Superintending Engineer of the 3rd Division has not included the work referred to in this letter in his Budget lists for the ensuing official year. The demands under "Civil Buildings" so considerably exceed the money that will be available for expenditure under that head that His Excellency in Council sees no prospect of being in a position to find a place for the work in the outgoing Budget.
