Proceedings of the Madras Government, Public Works Department,
17th November 1870.

No. 315. Read the following letter from the General Superintendent of Public Works Stores and Workshops, to the Secretary to Government, Public Works Department, dated Chepauk, 11th November 1870, No. 917 :—

I HAVE the honour to forward, for transmission to the Home Government, the Packing Account of Public Works Stores for the Mysore Provinces per "*Charmian*" together with a report of the Committee of Survey held at Bangalore.

One Packing Account.
„ Survey Report.

2. The Chief Engineer, Mysore, explains that the delay in returning the Packing Account was in consequence of the illness of the Executive Engineer, who was President of the Committee.

Proceedings of a Committee of Survey held at Bangalore on Saturday the 17th September 1870, to examine certain stores received from Madras (landed there per "Charmian").

President.

Captain W. H. CAMPBELL, Executive Engineer, Bangalore Division.

Members.

Mr. J. E. GREENWOOD, Sub-Engineer.

Mr. W. F. APPLETON, Storekeeper and Superintendent of Karkhana.

THE Committee proceeded to examine the cases of fittings for portable and stationary cranes, all of which were more or less damaged.

2. They observe that the wood used in making these cases is far too light, and of a very inferior description.

3. On examining the contents of case marked F it was found that the cast-iron gib head was broken (one chick broken off).

4. The cause of this breakage is evidently owing to bad packing, the swivel of the crane which weighs about 4 cwt. having been packed loose on top of the gib head.
