*Proceedings of the Madras Government, Public Works Department,
18th November 1870.*

No. 332. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 6th November 1870, No. 2,637:—

With reference to G. O. of the 31st ultimo, No. 2,582, I have the honour to observe that I wish Captain Begbie to proceed to the Vizagapatam District in order to carry out the long-proposed arrangement of dividing that District into two instead of three Ranges, and thus saving the cost of one office establishment at least, and leaving two Upper Subordinates available for other duties.

2. In the Godavery we shall have soon a very large expenditure, both in the Delta and the Upper Talooks, the former being supplied from Loan funds, and the latter from the Local funds of the district. The officers now in charge of the Ranges are all working on determined plans, and any stranger coming in would have to make himself acquainted not only with these, but the characteristics of the whole country.

3. If it can be allowed, I should like to keep Mr. Turner here as he has returned I find, and is well up to the work, and I have no doubt under Mr. Rundall he would do very well. His health certainly cannot benefit by going to Madnapully, to which Range Mr. Laskey could be sent. I beg, therefore, to request you will be good enough to reply to this request by telegram.

No. 333. ORDER THEREON, 18th November 1870, No. 2,771.

ESTABLISHMENT, No. 29.

As Mr. Turner, it is believed, has proceeded to join the Range to which he has been posted, and Mr. Rundall stands transferred to Tinnevely, the Government do not consider it expedient to further reduce the strength of the Engineer establishment of the Godavery District by the transfer of Captain Begbie to Vizagapatam. The proposed employment of an officer in the latter district on the duties indicated by Major Fischer must be deferred until the Government are in a better position to spare the services of one for the purpose.
