No. 352. Read the following Endorsement of the Acting Consulting Engineer for Railways, dated Madras, 8th November 1870, No. 442:—

Read the following letter from the Agent and Manager of the Madras Railway Company, to the Acting Consulting Engineer for Railways, dated Madras, 7th November 1870, No. 621.

I HAVE the honour to inform you that I have received with much regret a report from the Company's Acting Consulting Physician to the effect that the state of the health of Mr. H. R. P. Carter, the Acting Deputy Chief Engineer on Permanent Way, is such that an entire change of climate is required for his recovery, and that an immediate return to Europe is essentially necessary.

2. I have, therefore, arranged to provide Mr. Carter with a passage Home in the P. and O. Steamer, which will leave Madras on the 12th instant, and, in consequence of his return to England, have made the following appointments, which I trust His Excellency the Governor in Council will approve, namely:—

Mr. W. R. Robinson, now in charge of the 3rd Division, South-West Line, to act as Deputy Chief Engineer on Permanent Way, vice Mr. Carter.

Mr. Pfeil, now in charge of District 2, South-West Line, to take charge of District 3, vice Mr. Robinson.

3. Mr. A. T. Wilkinson, now absent on leave, has been recalled to take up his permanent appointment on District 2.

SUBMITTED for the approval of Government.
