CIVIL WORKS, No. 26.

CONSIDERING that the proposed Police buildings are not to be constructed by the Public Works Department and are to be confessedly of an unsubstantial character, the Government are of opinion that the Superintending Engineer should not have objected to countersigning the estimates for them on the ground that they were not prepared in such minute detail as is usually required in the case of permanent erections. The estimates as submitted by the Inspector-General of Police will accordingly be transferred to the Judicial Department.
