MADRAS RECORD OFFICE.

Government of Madras.

Public works DEPARTMENT.

G.O. No. 64 Press Mis. —

129-130

Dated 10- 1- 1871.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
10th January 1871.

No. 129. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 8th December 1870, No. 3,760:—

I HAVE the honour to forward, for information of Government, a list of irrigation works, anicuts, channels, and tanks that have been breached or seriously injured during the late heavy monsoon rains.

One List.

2. The amounts as far as ascertained of damages done are Rupees 25,700 in Chingleput District, and Rupees 10,813 in North Arcot District, being a total of Rupees 36,513; but I think it is very probable that this may be increased by works not as yet reported, say Rupees 2,000 more, or a grand total of Rs. 38,513.

3. The actual amounts of each separate estimate averages very small, the number of works being 201, and I have restricted the estimate to merely closing up the breaches and only strengthening where absolutely necessary. The tanks being for the most part small and the fall of country very gentle, there have been no serious breaches, and I hope now that repairs are by this time all finished except certain repairs to the anicuts that will take a longer time, that there will be no eventual loss of revenue.

4. To meet this extra call I have been obliged to stop all ordinary repairs for the year, at least such ones that could be put off, and thus funds from the repair allotments have been saved sufficient to meet this extraordinary call.

List A.

Districts and Ranges.	Amount of Savings.	Probable amount required to repair emergent works.	Remarks.
Chingleput District.	RS.	RS.	
No. 1 Range	11,583	16,000	
,, 2 do.	1,007	700	
,, 3 do.	1,466	6,000	
,, 4 do.	685	3,000	
Balance available of the District allotment ...	6,000	.....	
	20,741	25,700	
North Arcot District.			
Wallajah Range	1,148	1,800	
Chittoor do.	4,657	1,120	
Vellore do.	3,955	905	
Poloor do.	4,708	6,505	
Chendragherry do.	.....	483	
Balance available of the District allotment ...	6,348	.....	
	20,816	10,813	

5. By the table is seen the amount resumed from allotments for ordinary repairs in each Range, and the amounts now required for the extraordinary repairs. I would request the sanction of Government to the transfer of Rupees 5,000 from ordinary repairs of North Arcot to Chingleput so as to adjust this expenditure.

Proceedings of the Madras Government, Public Works Department,
10th January 1871.

It will be seen by this arrangement of stopping all ordinary repairs and cutting down these estimates to the lowest possible figure, and leaving out many most necessary strengthening of the bunds, these extraordinary repairs may be carried out without asking for a further repair allotment for my Division; yet, if a further sum can be spared from any other District, I would most strongly urge that it may be placed at my disposal, as many of the works will even after these repairs be in a dangerous state, and the money is also very much needed to enable me to carry out the ordinary, but very necessary, repairs which have been put a stop to.

No. 130. ORDER THEREON, 10th January 1871, No. 64.

IRRIGATION, No. 7.

THE Government are concerned to learn that the heavy fall of rain which occurred in October occasioned damage to so many of the irrigation works of the Chingleput and North Arcot Districts, as are enumerated in the statement that the Acting Superintending Engineer has now submitted with his report of the measures which he has taken for effecting the necessary repairs and providing funds. His Excellency the Governor in Council approves of the Superintending Engineer's proceedings, and sanctions the transfer of the sum of Rupees 5,000 proposed in paragraph 5 with a view to supplement the agricultural allotment of the Chingleput District.

2. His Excellency the Governor in Council regrets that he is unable at present to place at the Superintending Engineer's disposal any additional funds under Repairs, Agricultural, but if they should become available later in the year from savings elsewhere they will be transferred.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Chief Engineer for Irrigation.
" Superintending Engineer, 4th Division.
" Controller of Public Works Accounts.

Exd. E. C. Shunker.

No. 3760. Supt. Engr. Office 4th Dn.
Madras 8th December 1870

From,
Colonel C. V. Wilkieson R.E.
Superintending Engineer 4th Dn.

To,
Colonel C. A. Orr R.E.
Secretary to Government P.W. Dept.
Fort Saint George

Sir,

I have the honor to forward for information of Government a list of irrigation works Channels Anniculs and Tanks that have been breached or seriously injured during the late heavy monsoon rains.

Enclosure 1 List.

2 The amounts as far as ascertained of damages done are, Rupees 25,700 in Chingleput District and Rupees 10,813 in North Arcot District being a total of Rupees 36,513. but I think it is very probable that this may be increased by works not as yet reported, say Rs. 2,000 more or a grand total of Rupees 38,513.

3 The actual amounts of each separate estimate averages very small, the number of works being 201, and I have restricted the estimate to merely closing up the breaches and only strengthening where absolutely necessary. The Tanks being for the most part small

small and the fall of country very gentle there have been no serious breaches and I hope now that repairs are by this time all finished except certain repairs to the Anicuts that will take a longer time that there will be no eventual loss of revenue.

4 To meet this extra call, I have been obliged to stop all ordinary repairs for the year at least such ones that could be put off, and thus funds from the repair allotments have been saved sufficient to meet this extra-ordinary call.

A

No 647

Proceedings of the Madras Government

Under date the 10th June 1871

Read the following

" The Supg Engineer 1st Dn/ M.E. No 3760/8 10th December 70/

The Government are concerned to learn that the heavy fall of rain which occurred in October occasioned damage to so many of the irrigation works of the Chingleput and North Arcot Districts as are enumerated in the Statement that the Acting Superintending Engineer has now submitted with his report

N.

of the measures which
he has taken for effecting
the necessary repairs
and providing funds.

His Excellency the
Governor in Council
approves of the Superin-
tending Engineers
proceedings and sanctions
the transfer of the
sum of Rs 5000 pro-
posed from minor & mis-
cellaneous Repairments
the Agricultural allotment
of the Chingleput
District —

13

His Excellency
the Governor in Council
regrets that he is un-
able at present to
place at the Super-
tending's disposal any
additional funds under
Repairs Agricultural, but
if they should become
available later in
the year from savings
elsewhere they will be
transferred —
