Proceedings of the Madras Government, Public Works Department, 12th April 1871.

No. 101. Read the following letter from the Acting Superintending Engineer, 8th Division, to the Secretary to Government, Public Works Department, dated Madura, 29th March 1871, No. 3,296 :—

In continuation of my letter No. 3,230, dated the 18th instant, I have the honour to report the causes of delay in furnishing certificates for the completed works mentioned in the Statement of Objectionable Items received with G. O., No. 85, dated the 13th idem.

2. The Sub-Engineer in charge of No. 1 Range, Tinnevelly, states that the two works situated in the Nanguneri Talook in his Range were completed in November 1870, and that certificates for them were submitted on the 20th and 24th of last month, respectively.

3. The delay in furnishing these certificates was owing partly to an oversight on the part of Assistant Engineer Mr. Grant, and partly to his (Mr. Grant's) not having been aware that it was of importance that a certificate should be submitted immediately on the completion of a work.

4. In paragraph 2 of my letter above quoted, I have explained the causes of delay in furnishing certificates for completed works in the 1st Range, Madura.

No. 102. Order thereon, 12th April 1871, No. 1,016.
