*Proceedings of the Madras Government, Public Works Department,
13th April 1871.*

No. 122. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 24th March 1871, No. 5,222 :—

I HAVE the honour to bring to the notice of Government that the "Extraordinary" grant, Rupees 1,00,000, provided in the ensuing year's Budget for the Madras Water Works is not available, the project having been transferred to head "Ordinary" in G. O., No. 520, dated 21st February 1871.

2. I beg, therefore, to request that an allotment may be provided from the "Ordinary" grant to enable Captain Scott to commence operations early in April next.

No. 123. ORDER THEREON, 13th April 1871, No. 1,026.

IRRIGATION, No. 6.

THE grant of Rupees 1,15,000 from Loan Funds for the current year's operations on the Madras Water Works

project having been withheld by the Government of India, an allotment of Rupees 20,000 from the grant under Reserve Agricultural is sanctioned for expenditure on these works during 1871-72.

2. For the present, operations on this project should be confined to the completion of masonry works now under construction and of earthworks which, if left unfinished, would suffer damage, or which are necessary for the safety of other works; and to carrying on work on those parts of the project (if any) for the early completion of which special reasons can be assigned.

3. The Superintending Engineer will furnish a statement of the works coming under the above conditions, and the probable amount required for expenditure on each during the year.
