GROUPS OF PROPOSITION.

*Item 1.*—As it is of importance that the sum of Rupees 793, required for the Subsidiary Jail now under construction at Perambalore in the Trichinopoly District, should be provided as early as possible in order to ensure the completion of the building by the end of the current official year, His Excellency the Governor in Council has authorized, in anticipation of the sanction of the Government of India, the transfer of the amount from the allotment for Repairs to Civil Buildings in that district, which the Superintending Engineer reports can bear the reduction.

2. Under the circumstances, it is requested that the approval of the Government of India may be communicated to the proceeding.

3. The transfers proposed against Items 2, 3, 4, 6 to 9 and 11 are to provide funds for very urgently required works and for the adjustment of various items of outlay with savings.

4. The transfers recorded against Items 5 and 10 are intended to meet in part the expenditure on the Madras Water Supply Project which, in accordance with the instructions of the Government of India, is to form a charge against the ordinary grant from the 1st January, and to provide for the cost of the establishment employed on the work for the last three months of the official year.
