No. 2, 854.

Statement of Unadjusted Miscellaneous Advances of more than three months' standing in the Accounts of Range Officers of the Madras Presidency for the quarter ending 31st December 1870.

No. of Item.	Amount.	To whom advanced.	For what purpose advanced.	When advanced.	Remarks by Range Officer.	Remarks by Superintending Engineer.	Orders of Government.
1	25. A. P. 207 10 10	Survey Establish- ment.	1st Division. Ganjam District. Surveying Local Fund Roads.	Up to September 1870.	Disbursed under the orders from Superintending Engineer.	Will be adjusted on the receipt of quarterly bills from the Range Officer.	No. 162, 14th April 1871. No. 1,047. ACCOUNT, No. 19.
2	622 8 8	Do.	Vizagapatam District. Surveying Local Fund Roads.	Do.	Do.	Bill has already been for- warded to the Board of Revenue through Col- lector for sanction, and for funds.	1. The suggestions of the Controller in the pre- ceding column will be referred to the Board of Revenue for con- sideration, and if found practicable, for the issue of the necessary instructions for giving effect to the arrange- ment referred to. Mean- while the Superintend- ing Engineer will hasten the submission of the bill for item 1, and, upon the requisite sanc- tion and allotments of funds being communi- cated for the remaining items, he will see that no time is lost in ad- justing the expenditure.
3	180 0 0	Do.	Godavari District. Surveying Local Fund Roads.	Do.	Do.	Do.	
4	450 10 5		Burning limestone in the Town of Dowlaishweram to prevent cholera.	July and Sep- tember 1870.	Disbursed under the orders from Superintending Engineer.	The Board of Revenue have already been ap- plied to for an allot- ment of funds.	No adjustments have yet been made. In the case of charges for Local Fund Surveys, the present procedure is needlessly complicated. All dis- bursements appear in the first instance, under "Miscellaneous Ad- vances." Once a quarter the charges actually incurred are included in a Contingent Bill and submitted to the Board of Revenue, by whom the bill is sanctioned and an allotment made, when "Miscellaneous Advances" is credited, and the estimate con- cerned debited. In the case of Imperial Surveys the charges are at once debited, upon a grant, to the sanctioned esti- mate, and seeing that estimates are also re- quired for Local Fund Surveys, the same course submitted to the Board of Revenue, under the present arrangement, bills for Local Fund Surveys have to be submitted quarterly, and those bills cannot be finally disposed of till four or five months after the charges have been incurred, the quarterly Statements of Unadjusted Miscellaneous Advances, submitted to Government by this Office, must necessarily include a number of items, which, if the proposal now made be adopted, would find no place in those returns.
