*Proceedings of the Madras Government, Public Works Department,
14th April 1871.*

No. 165. Read the following letter from the Principal of the Civil Engineering College, to the Secretary to Government, Public Works Department, dated Chempauk, 6th April 1871, No. 11-C:—

With reference to Government Order No. 900, dated 24th ultimo, I have the honour to point out that I was well aware that the appointments of Overseers to particular talooks ordinarily rests with Superintending Engineers, yet in the case of Serjeant Cames, as he was transferred to the Civil Engineering College by an order of Government, I was under the impression that his re-employment in the Public Works Department would require the same authority.

2. Even now I am not quite certain of the method of procedure to be observed in order to secure his re-employment in the Public Works Department, and I would note that the Controller of Public Works Accounts has disallowed his Overseer's pay from 17th March, the date on which I was compelled to dispense with his services in the College, owing to Mr. Bradshaw's return from England.

3. This is manifestly a hardship, for it is from no fault of his own that Serjeant Cames is unemployed; I would venture, therefore, to solicit a special order of Government for the Controller to pass him his Overseer's pay till re-employed, and, with regard to re-employment, I understand from the Superintending Engineer, 4th Division, that he is desirous of appointing him to the East Coast Canal, vice Mr. Sub-Engineer Smithers.

4. Serjeant Cames is, I am confident, competent to succeed Mr. Smithers on the canal, he having had charge of similar works in the Godavery District, and therefore, though he is only an Overseer, I hope that Government may be pleased to appoint him under special circumstances to the East Coast Canal.

No. 166. ORDER THEREON, 14th April 1871, No. 1,049.

ESTABLISHMENT, No. 16.

THE Principal of the Civil Engineering College will be informed that under the arrangements made on Mr. Cames' appointment to the Civil Engineering College, Mr. Cames stood transferred to the 2nd Division, and as his substantive appointment of Overseer in that division has not been filled up, he should be instructed to proceed to join unless a vacancy in the same grade can be found for his employment in the 4th Division either on the Coast Canal or other work. Mr. Sub-Engineer Smithers' transfer to the Red Hills creates no vacancy in the Overseer grade.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R.E.,

Secretary to Government.

To the Principal of the Civil Engineering College.
,, Controller of Public Works Accounts.
,, Superintending Engineer, 2nd Division.

Sir

With reference to Government Order No 900 dated 24th Ultimo, I have the honor to point out that I was well aware that the appointments of Overseers to particular Salugs ordinarily rests with Superintending Engineers, yet in the case of Lieutenant Camm, as he was transferred to the Civil Engineering College by an Order of Government, I was under the impression that his re-employment in the Public Works Department would require the same authority.

2. Even now I am not quite certain of the method of procedure to be observed in order to secure his re-employment in the Public Works Department, and I would note that the Controller Public Works

Assents

Accounts has disallowed his Overseer's pay from 17th March the date on which I was compelled to discontinue with his services in the College, owing to Mr. Bradshaw's return from England.

3. This is manifestly a hardship, for it is from no fault of his own that Sergeant Barnes is unemployed. I would venture therefore to solicit a special order of Government for the Controller to pay him his Overseer's pay till re-employed, and with regard to re-employment I understand from the Superintending Engineer 4th Division that he is desirous of appointing him to the East Coast Canal Vice Mr. Sub Engineer Smithers.

4. Sergeant Barnes is I am confident competent to succeed Mr. Smithers on the Canal, he having had charge of similar works in the Godavary District, and therefore though he is only an Overseer, I hope that Government may be pleased to appoint him under special circumstances to the East Coast Canal.
