*Proceedings of the Madras Government, Public Works Department,
15th April 1871.*

No. 189. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Vizianagram, 14th March 1871, No. G. G. :—

In reply to G. O. of the 2nd instant, No. 9, I have the honour to observe the transfer of Local Fund Overseer O. Ramannah to the Imperial Establishment is not to fill any vacancy; his salary should, I consider, be disbursed from the grant for extraordinary works, as it is proposed to employ him exclusively on these.

2. I would take this opportunity of bringing to notice the large grants made to the Godavery District for expenditure, and the circumstance that no provision whatever has yet been made for its proper supervision: in former years two or three lacs a year were allotted for the district; for next year, including all grants, I do not suppose the allotment will be less than 12 lacs, yet the strength of the establishment has not been increased in any way whatever.

3. I am endeavouring to secure the best men I can for the more important works, so that the Government may not be disappointed, and I would therefore solicit that some assistance should be given to me in this matter.

No. 190. ORDER THEREON, 15th April 1871, No. 1,062.

ESTABLISHMENT, No. 18.

As the proposed transfer of Local Fund Overseer Ramannah to the Imperial Establishment for employment on works which are being carried out from Loan Funds will involve an addition to the sanctioned strength of the establishment, the Government are unable to accede to the Acting Superintending Engineer's recommendation.
