From the Chief Engineer, to the Agent and Manager of the Madras Railway Company, dated Madras, 24th March 1871, No. 152.

I BEG to report that the 12-30 p. m. train, from Beypore to Coimbatore, of the 13th instant, ran over a stone at the 383rd mile, 4th Division, South-west Line. The Engineer states that "the stone was placed on the rail by some children who are now in charge of the Police. They confess that it was done among them, but "accuse each other. There are four of them, all quite young, from 6 to 12 years "old. They appear to have done it out of mischief. The case is to be taken "before a Magistrate."

2. No damage was done to the engine.

To the Acting Consulting Engineer for Railways for information. The result of the Proceedings before the Magistrate will be communicated when known.
