*Proceedings of the Madras Government, Public Works Department,
17th April 1871.*

No. 203. Read the following Proceedings of the Government of India in the Public Works Department, (Account—Railway,) dated Fort William, 31st March 1871, No. 259-A.R :—
Read—

Despatch from Secretary of State, No. 2, dated 12th January 1871.

Read also the following :—

Extract paragraph 3 from a Despatch from the Right Honourable the Secretary of State for India, to the Government of Bombay, No. 31, dated 22nd September 1870.

"Under the rules, it is the duty of the Consulting Engineer to satisfy himself at the close of each half-year that the rolling stock on a Railway has been properly kept up, and that, as the earnings are always greater in the first, than in the second, half of the year, he must satisfy himself, before any surplus profits are declared, that a sum sufficient to place it in a thoroughly efficient state has been set aside from Revenue for that purpose."

ORDER.—Ordered, that the foregoing extract be communicated to the Local Governments and Administrations marginally noted, for information and guidance, with the remark that the ruling of the Secretary of State should be applied to the way and works as well as the rolling stock.

Also, that a copy be forwarded to the Government of Bombay, and Accountant-General, Public Works Department, for information.
