No. 243. Read the following letter from E. AUTHEEMOOLUM MOODELLY :—
(Here enter 3rd April 1871.)

No. 244. ORDER THEREON, 18th April 1871, No. 1,090.

ESTABLISHMENT, No. 22.

In this appeal E. Autheemoolum, late a clerk in the office of the Superintending Engineer of the 5th Division, requests the consideration of Government to the circumstances under which he is prevented from reckoning towards pension the period intervening between the 11th August and 14th September 1864.

2. It appears that Autheemoolum was allowed sick leave from the 9th June up to the 11th August 1864 from which latter date he applied to the Superintending Engineer for an extension of leave for one month, which was granted to him on the condition of his furnishing a medical certificate.

3. On the 9th September 1864 Autheemoolum, having succeeded in securing employment in the Revenue Survey Department, obtained leave from the Superintending Engineer for three months without pay from the 10th of that month. He joined the Revenue Survey Office on the 15th, and on applying to the Superintending Engineer for the arrears of his salary he was informed that he would be allowed no pay from the 11th August up to the 14th September as he did not furnish the required medical certificate in time. This certificate does not appear to have been submitted until the 25th October, and although its non-production at the time it was called for was considered to invalidate his claim to salary, the Government are of opinion that, having tendered it, the circumstance of his absence from 11th August to 14th September, covered as it was by conditional leave, should not involve any break of service for that period.
