*Proceedings of the Madras Government, Public Works Department,
21st April 1871.*

No. 319. Read the following Endorsement of the Public Department, dated Fort Saint George, 27th March 1871 :—

Letter from the Officiating Agent to the Governor, to the Chief Secretary to Government, Fort Saint George, dated Vizagapatam, 16th March 1871, No. 245.

I HAVE the honour to acknowledge the receipt of Government Proceedings dated March 4th, 1871, No. 279.

2. With reference to the latter part of the G. O. recorded in the above

* Received on February 28th, 1871.

Proceedings, I would beg to state that up to the present time Rupees 1,500*

only have been received out of the sum of Rupees 4,700 therein referred to as available for the roads in Jeypore. This does not include the grant of Rupees 400 for an Apothecary's house at Koraput, which was received on January 17th, 1871.

3. In Proceedings of Government, Public Works Department, dated January 27th, 1871, No. 254, paragraph 3, it is observed that the proposed outlay from the current year's grant of Rupees 10,000 is only Rupees 4,700. This is a misapprehension, which has probably been caused by the Superintending Engineer corresponding direct with the Assistant Agent in Jeypore, instead of through me.

Mr. Turner is naturally only cognizant of the amount of the grant allotted to him. The whole of the grant of Rupees 10,000 was allotted by me to the following officers in the undermentioned proportion :—

	RS.
Principal Assistant Agent	1,800
Senior Assistant Agent	3,500
Assistant Agent, Jeypore...	4,700
	10,000

Of the above sum, as before stated, Mr. Turner has received Rupees 1,500 and the other officers not one rupee. While on my tour I wanted to clear the jungle on a ghaut haunted by a man-eating tiger, and owing to the entire absence of funds the Senior Assistant Agent had to advance the money out of his own pocket.

4. I have the honour to request that, if possible, the grant for the ensuing year may be increased in order that the time lost this year may be made up in the next. I can insure its being advantageously and economically spent if the whole be only received early in the year.

Sir,

I have the honor to acknowledge

Received on
February 28th

2. With reference to the latter part
of the G. O. recorded in the above Pro-
ceedings, I would beg to state that up
to the present time Rupees 1500 only
have been received out of the sum of
Rupees 4,700 therein referred to as avail-
able for the roads in Jeypore. This does
not include the grant of Rupees 400
for an Apothecary's house at Kumbhari
which was received on January 17th 1871.

3. In Proceedings of Government P. O. dated
January 27th 1871, No 254, para 3, it is

obscure

observed that the proposed outlay from the current year's grant of Rupees 10,000 is only Rupees 4,700. This is a misapprehension which has probably been caused by the Superintending Engineer corresponding direct with the A. P. S. Agent in Mysore instead of through me.

Mr. Turner is naturally only cognizant of the amount of the grant allotted to him. The whole of the grant of Rupees 10,000 was allotted by me to the following officers in the undermentioned proportion.

Principal A. P. S. Agent	R. 1800
Senior A. P. S. Agent	3500
A. P. S. Agent Mysore	4700
	<u>10000</u>

Of the above sums, before stated, Mr. Turner has received Rupees 1500 and the other officers about Rupees. While on my tour I wanted to clear the jungle on a ghats haunted by a man eating tiger and owing to the entire absence of funds the Senior A. P. S. Agent had to advance the

the money out of his own pocket. I have the honor to request that if possible, the grant for the ensuing year may be increased in order that the ~~balance~~ balance of this year may be made up in the next. I can incur its being advanced gently and economically, spent if the whole be only received early in the year.
