Dated	21-4	18

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
21st April 1871.*

No. 321. Read the following letter from G. ROBERTSON, Esq., Harbour Engineer, on special duty from Secretary of State for India, to the Secretary to Government, Public Works Department, dated Madras, 15th April 1871 :—

I HAVE the honour to inform you, for the information of the Madras Government, that I have completed my inspection of the various ports and anchorages named by you in your letter dated 27th January 1871, and in subsequent communications in continuance thereof, as well as in the general instructions from the Government of India to me, dated 14th January 1871.

The places inspected are as follow :—

Mangalore.	Alleppey.
Cannanore.	Quilon.
Calicut.	Tuticorin.
Beypore.	Paumben Passage.
Narakal.	Negapatam.
Cochin.	Porto-Novo.

Cocanada.

2. I have also minutely inspected the system of backwater communication from near Beypore to Trivandrum.

3. The preparation of my reports on these places will now occupy some time, but they shall be as concise as possible.

4. Lieutenant-Colonel Farewell, Acting Superintending Engineer of the 7th Division, met me at Beypore and accompanied me throughout the inspection. I cannot sufficiently thank the Madras Government for sending that Officer with me. His excellent arrangements and his knowledge of the languages and methods of travel have enabled me to do a great deal in a short time. I have to thank him for much personal kindness, which made the inspection almost a pleasure tour instead of what it would otherwise have been to one unaccustomed to Indian travel and tropical exposure.

No. 322. ORDER THEREON, 21st April 1871, No. 1,131.

ESTABLISHMENT, No. 31.

His Excellency the Governor in Council notices with pleasure the assistance which Mr. Robertson acknowledges to have received from Lieutenant-Colonel Farewell during the recent inspection of the ports and anchorages of this Presidency which Mr. Robertson has just completed.

(True Extract.)
