No. 339. Read the following Endorsement of the Military Department, dated Fort St. George, 14th April 1871 :—

Letter from the Officiating Quarter-master General, to the Officiating Secretary to Government, Military Department, dated Fort St. George, 12th April 1871, No. 2,562.

In December last a complaint was received in this office (as per correspondence* attached, marked A,) of neglect on the part of the Railway Apothecary at Erode in his attendance on the Rest-house Superintendent and his family, for which the Apothecary receives an allowance of Rupees 4 per mensem from Government under Order of Government No. 2,213, dated 8th August 1870.

Letter from Acting Consulting Engineer for Railways, No. 22, dated 14th January 1871, with two enclosures.

2. This complaint was submitted direct to the Consulting Engineer for Railways, and that officer, in his reply, trusts that the notice which had been taken would ensure a more satisfactory working in future.

3. But in two letters, which he encloses, from the Agent and Manager and the Consulting Physician, both those gentlemen suggest that if the Rest-house Superintendent is not content to put up with such attendance as the Apothecary may be pleased to give, it will be advisable to discontinue the arrangement made by Government in the Order of Government above quoted.

4. The Consulting Engineer having anticipated that the notice which had been taken would ensure more satisfactory working in future, the matter was allowed to drop.

5. I am now directed by the Provincial Commander-in-Chief to submit, for the orders of Government, further correspondence† as per margin, (marked B,) received from the Officer Commanding Southern District, forwarding another

complaint against the same Apothecary, supported by the Deputy Inspector General, Indian Medical Department, and I am directed at the same time to observe that two Rest-house Superintendents have died at Erode within the last two years; the man now there is so ill that he must be removed to another station, and that if proper medical aid cannot be insured, there will be great difficulty in getting any man to take up the appointment.
