*Proceedings of the Madras Government, Public Works Department,
28th April 1871.*

No. 442.

Dated 28th April 1871, No. 1,181.

ACCOUNT, No. 40.

In anticipation of the sanction of Government to the forthcoming Provincial and Local Fund Budget, His Excel-

lency the Governor in Council resolves to direct that all Establishment charges other than Extraordinary be debited to the Ordinary assignment until the last month of the year, when the Controller of Public Works Accounts will make a write back entry, crediting Ordinary with the amount chargeable to Provincial

and Local Funds. The debit, in the latter* case, should not be in excess of

the Budget provision, and in the event of the total charges on account of Establishments falling short of the total of the year's estimate under that head, care should be taken to see that Provincial and Local Funds are not debited with more than the difference between the aggregate outlay on Establishments and the appropriation from Ordinary funds. Any excess expenditure over and above the total Budget allotment for Establishments will have to be made good by transfers from the Ordinary grant for works.

2. The same course will be followed in dealing with charges on account of stores received from England, for which Rupees 52,300 are provided from Ordinary, and Rupees 30,000 will be included in the Provincial Budget of the current year.
