*Proceedings of the Madras Government, Public Works Department,
23th April 1871.*

Read the following papers —

No 470. From the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Camp at Vedainmull, 15th March 1871, No 1,087.

I HAVE the honour to forward an original petition from one Veerakistna Naidoo, an Assistant Accountant and Writer in the 1st Range Office, Trichinopoly, who it appears laid claim to one of the Arrack godowns at Trichinopoly when the buildings occupied by the Ordnance, etc, departments on or near the Trichinopoly Rock were vacated, and whose claim Government recognized in their Order in the Revenue Department, No 297, dated 28th February 1870

1 Petition (to be returned)

2. No application relative to the matter was made to this office by Veerakistna Naidoo, and I never even heard of the claim or of the Order of Government thereon till last Christmas, when I was informed of it in person, and Veerakistna Naidoo requested that the value of the stone taken from the floor of the godown might be given to him, and I directed him to state his case in writing, forwarding his petition through the Executive Engineer, this he has now done, and in his petition he requests that the stone removed from the floor may be replaced, or that the value of the stone may be refunded. The stone-flooring was removed under G O, No 1,841, dated 5th June 1869, and appears to have been disposed of for Rupees 145-11-0, and I have the honour to request that I may be authorized to disburse this sum to Veerakistna Naidoo and to debit the amount to "Profit and Loss," as the amount realized by the sale of the stone has already been credited as a recovery on stock, and debited to the works on which it was used.

3. In a demi-official Veerakistna Naidoo has requested that the cost of providing a concrete floor may be given to him. This I think unnecessary, for the building itself is of little value, exclusive of the value of the stone-flooring; the Collector, in his letter to the Board, No. 313 of 13th December 1869, values the building, if sold by auction, at Rupees 25 or 30, and had the stone-flooring not been removed by the Department Public Works, but by the petitioner, he would still have been obliged to put down another flooring, or smoothed the existing flooring by means of a layer of concrete.

REFERRED to the Controller of Public Works Accounts, with a view to his reporting on the proposed adjustment of the charge of Rupees 145-11-0.

23rd March 1871. (Signed) CHARLES A. ORR, Colonel, R E,

this office for report, I have the honour to state that as the value of the stones, namely, Rupees 145-11-0, appears to have been credited to the head "Revenue Miscellaneous," the amount now claimed on that account should on payment be debited to the head "Refunds of Revenue Miscellaneous" provided in the Accounts, and not to the head "Profit and Loss."

No. 472.

ORDER THEREON, 28th April 1871, No. 1,197.

ACCOUNT, No. 42.

UNDER the circumstances brought to notice in the first of the letters above recorded, the Government authorize the

disbursement of Rupees 145-11-0 to Veerakistna Naidoo on account of the stone removed from the floor of one of the Arrack godowns in the fort of Trichinopoly, formerly in use with the Commissariat Department at that station

2. The charge will be adjusted in the manner indicated by the Controller of Public Works Accounts.

Sir,
I have the honor to forward an original Petition from one Veerakistna Nayadu an Assistant Accountant and Writer in the 1st Range Office Trichinopoly who it appears claims to one of the Arrack Godowns at Trichinopoly when the Buildings occupied by the Ordnance &c. departments in or near the Trichinopoly Rock were vacated and whose claim Government recognised in their order in the Revenue Department No 294 dated 28 February 1870. No application relative to the matter was made to this Office by Veerakistna Nayadu and I never even heard of the claim or of the order of Government thereon till last Christmas when I was informed of it in person and Veerakistna Nayadu requested that the value of the Stone taken

taken from the floor of the Godown might
be given to him and I objected him
to state his case in writing forwarding
his Petition through the Executive Engineer,
this he has now done and in his Petition
he requests that the Stone removed
from the floor may be replaced so that
the Value of the Stone may be refunded.
The Stone flooring was removed under
G.O. No 1841 dated 5 June 1869, and
appears to have been disposed of for
Rs 145/- 11/- and I have the honor to
request that I may be authorized to
disburse this sum to Venakishna Nayudu
and to debit the Amount to "Profit and
Loss" as the Amount realized by the sale
of the Stone has already been credited
as a recovery on Stock and debited
to the works on which it was used.

In a demi-official Venakishna Nayudu
has requested that the cost of providing
a concrete floor may be given to him.
This I think unnecessary for the Building
itself is of little value, exclusive of the
Value of the Stone flooring; the Collector
in his letter to the Board values the
Building, if sold by Auction, at
Rs 25 or 30 and had the Stone flooring

not been removed by the D.P.W. but
by the Petitioner he would still have been
obliged to put down another flooring
or smoothed the existing flooring by
means of a layer of concrete.
