Dated	2-5-	1871.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,

2nd May 1871.

No. 36. Read the following telegram from the Assistant Collector of Bellary, to the Chief Secretary to Government, Madras, dated 1st May 1871 —

MAGISTRATE's letter thirty-four of seventy-one continued. Please send twelve hand-pumps, urgently required to empty the water tanks.

No 37 ORDER THEREON, 2nd May 1871, No. 1,219.

ACCOUNT, No. 5.

COMMUNICATED to the General Superintendent of Public Works Stores and Workshops who will, in the event of

hand-pumps suitable for emptying iron tanks being available for supply, make arrangements for the immediate despatch of twelve or any smaller number to Bellary, the charges for their carriage being recovered from the Municipal Commissioners of that station.

(True Extract.)

(Signed) J. CARPENDALE, Colonel, R. E.,
Secretary to Government.

To the General Superintendent of Public Works Stores and Workshops, with G. O., No. 1,403,
dated 26th April 1871

,, President of the Municipal Commission, Bellary.

Exd. S. T. Augustin.

*Proceedings of the Madras Government, Public Department,
23th April 1871.*

Read the following papers:—

Proceedings of Government, Military Department, dated 26th April 1871, No. 1403.
No 113. From the Acting Magistrate and President of the Municipal Commission of Bellary, to the Chief Secretary to Government, Fort Saint George, dated Bellary, 19th April 1871, No. 34.

In consequence of the great scarcity of water at present existing in Bellary, the Municipal Commissioners propose to bring it in from the Huggry river (in the sandy bed of which it is obtainable at no great depth) by rail.

2. They have requested me to ask the Government to allow them the use, during the hot weather, of some of the Iron Tanks formerly in use in the Abyssinian Expedition, and now, it is believed, lying unused at Madras.

3 I have the honour, therefore, to request that the Government will be pleased to allow Iron Tanks, sufficient to hold (20,000) twenty thousand gallons, to be despatched by rail to this place, the cost of their carriage to be paid here

4 I would beg that early orders be issued on the subject, as time in such a matter is a great object, and already the hot weather is far advanced.

Referred to the Military Department.

(Signed) W. HUDLESTON,
Acting Chief Secretary.

22nd April 1871.

No 513.

No 113-A

MEMORANDUM.

The undersigned has the honour to acknowledge the receipt of Memorandum of the 25th April 1871, and, in reply, to state that Iron Water Tanks are available, and a number sufficient to contain 20,000 gallons will be despatched to Bellary by Thursday's train, if the Railway authorities can take them.

MADRAS, (Signed) E. E. MILLER, Colonel,
25th April 1871. *Commissary-General*

To the Secretary to Government, Military Department, Fort Saint George.

ORDER—The Right Honourable the Governor in Council authorizes the Commissary-General to issue, on loan, to the Municipal Commission of Bellary, the Iron Tanks applied for in the foregoing letter from their President, all attendant charges being borne by the Commission.

2. It is observed that the Commissary-General purposes to despatch the Tanks on Thursday, the 27th instant.

(True Extract)
