I HAVE the honour to request the sanction of Government to an application* from the Agent and Manager of the Carnatic Railway Company for the entertainment of a second-class Assistant Engineer, as the field of operations for the Carnatic Company has under recent orders been extended, and the arrangement of the staff into three parties, as proposed by the Chief Engineer, seems in every way desirable. RAILWAY, No. 5.

As, under the recent orders of the Government of India, no establishment on Railways can be entertained unless duly sanctioned by competent authority and an allotment of funds made to meet the necessary expenditure, and as the salary of a second-class Assistant Engineer proposed to be employed in connection with the survey of the contemplated extension of the Carnatic Railway is not included in the estimate of Rupees 38,126 sanctioned for the purpose by that Government in May 1870, His Excellency the Governor in Council does not feel himself authorized to permit the entertainment of the extra officer, but with a view to the needful application being made to the Government of India, the Acting Consulting Engineer will furnish fuller explanation of the circumstances which render the services of an additional Engineer necessary, and submit the revised estimate for the survey called for in G. O, No. 2,255, dated 19th September 1870.
