From the Superintending Engineer, 4th Division, to the Controller of Public Works

I HAVE the honour to acknowledge the receipt of your memorandum No. 19, of the 17th April 1871, in which you put Lieutenant Walker, R E, certain days tentage under G O, No 482, 17th February 1871, and have to request you will show how this order bears in this case, and where the authority is conveyed to you in this order to make this retrenchment.

2 I, as Superintending Engineer, take the greatest care over these marching allowance bills as primary Auditor, and if you, as Controller, can override me when there is no rule in the Code to support you, I must refer the matter to Government, as I shall decline to countersign a document where my signature can be of no possible use

2. Lieutenant Walker returned to his fixed station (Chittoor) on the 26th February 1871, and availed himself of the three authorized days of halt terminating on the 1st March following. On the 2nd idem Lieutenant Walker visited works situated 15 miles from head-quarters, and, returning the following day, claimed a second halt, with travelling allowance of rank for the 4th and 5th

3, Having in view the Proceedings of Government of the 17th February 1871, No. 482, I disallowed travelling allowance for the second halt at fixed station, but as the Superintending Engineer considers that the action of this office is not supported by sufficiently distinct authority, the matter is referred for the decision of Government

Although the
claim to travelling
allowance preferred by
Lieutenant Walker
for the halt at his
fixed station on the
4th and 5th March
1871 may be supported
by the strict letter of
the rules, the Govern-

of opinion that those
rules do not contem-

of a claim to the allowance for a second halt at head quarters after only one march out and back. His Excellency the Governor in Council is therefore of opinion that the objection of the Controller to pass the allowance for the second halt is correct.
