*Proceedings of the Madras Government, Public Works Department,
9th May 1871.*

No. 143. Read the following letter from the Acting Superintending Engineer, 8th Division, to the Secretary to Government, Public Works Department, dated Madura, 24th April 1871, No. 245 —

With reference to paragraph 2 of G. O., No 49, dated the 13th instant, I have the honour to state that the several reports which the Controller and his Deputy have submitted from time to time on the result of their inspection of Range Accounts have invariably, on receipt in this office, been at once circulated to all Range Officers in the division, for their guidance.

2. A copy of the memorandum from this office on each of the two G. Os. in question is forwarded herewith for the information of Government, and to show that it is from no want of attention on the part of the head of this office that the laxity brought to notice by the Controller has occurred, but that the irregularities under reference are the rather attributable to the carelessness or incompetence of the Range Officers individually concerned.

No. 1624.
With reference to G. O. Miscellaneous
No. 75 of the 27th September 1869, Range
Officers are requested to note carefully the
observations made by the Controller in
his inspection of different Ranges; & to
furnish also the previous reports of the
Controller. This Division has had the
advantage of seeing the result of several
inspections made by the Controller in other
Districts; and it is expected that when
the Controller visits Madras & Annamally,
he will not find any irregularities in the
accounts. Range Officers will be careful
to furnish the monthly reports called for
in para 3 of the G. O. noted above.
