Read the following papers :—

No. 328. From Mr. ROBERT ORR, to the Secretary to Government, Public Works Department, dated Madras, 8th May 1871.

WITH reference to your visit to the General Hospital on Saturday morning, and the permission you then gave for setting up another boiler, I beg leave to inform you that I find a 12-horse boiler, about 14 feet long by 4½ diameter, at present at the Mint, will answer very well the required purpose, namely, that of supplying steam to the punkah engine, and I shall feel greatly obliged if you will allow me the use of the same.

2. The boiler is embedded in a fire-brick foundation, and as I understand that the boiler is about to be removed I shall be glad to be allowed to remove the foundation bricks to the hospital, for which I shall be happy to pay if required.

REFERRED to the General Superintendent of Public Works Stores, with a view to his reporting whether the 12-horse boiler at the Mint can be spared on loan to Mr. Orr.
