*Proceedings of the Madras Government, Public Works Department,
17th May 1871.*

No. 330. Read the following letter from the Acting Superintending Engineer, 7th Division, to the Chief Engineer and Joint Secretary to Government, dated Coimbatore, 3rd May 1871, No. 24:—

I HAVE the honour to submit a plan and estimate, amounting to Rupees 1,500, for the re-construction of a bridge at the head of the Seegoor ghaut on the Neilgherries, and to request that sanction may be obtained for the work and funds provided. The old bridge, a very rough structure, built very many years ago, has been in a tumble-down condition for a long time, and though several times repaired was washed away in the latter part of last year during a storm which visited the hills. The bridge is much needed; I hope, therefore, early sanction may be accorded.

No. 331. ORDER THEREON, 17th May 1871, No. 1,370.

CIVIL WORKS, No. 32.

THE Government sanction the estimate submitted with this letter amounting to Rupees 1,500 for replacing the bridge which was washed away last year at the head of the Seegoor ghaut.

2. The question of providing the requisite funds will be considered hereafter.
