No. 336. Read the following letter from the Special Executive Engineer, Wynaad, to the Secretary to Government, Public Works Department, dated Vythery, 6th May 1871, No. 214 :—

I HAVE the honour to forward copy of a letter\* from the Range Officer of North Wynaad, and request instructions on the subject.

\* No. 11, dated 1st May 1871.

2. The building has been vacated by the Revenue Department and handed over to my charge; there is much material in it that may be utilized for other purposes, or sold by auction.

From the Range Officer, North Wynaad, to the Special Executive Engineer, Wynaad, dated Manantoddy, 1st May 1871, No. 11.

I THIS day inspected the Tahsildar's Cutcherry at Manantoddy, and have to report that the building is in a dangerous condition, the walls being out of the perpendicular, many of the rafters rotten or white-ant eaten, and the beams which support the whole weight of the roof, being untrussed, have sagged so much that I consider the roof eminently unsafe, and would recommend that early permission be obtained to remove the roof, and that in the meantime people should be prevented from occupying it.

No. 337. ORDER THEREON, 17th May 1871, No. 1,373.

CIVIL WORKS, No. 35.

It is not clear from these papers whether the Tahsildar's Cutcherry at Manantoddy has been handed over to the

Public Works Department for repair or because it is no longer wanted by the Revenue Department. Major Kennedy will report on this point, and, in the latter case, he will state whether the building can be utilized in any manner, or whether, looking to its present condition, he considers it expedient to dismantle it, the materials being either sold at auction or used for other purposes as may seem most advantageous.

(True Extract.)

Colonel, R.E.,

Secretary to Government.

To Major R. B. Kennedy.  
To the Revenue Department.

From The Special Ex. Engineer } H. E. No. 214 of 1<sup>st</sup> May 1871  
Wynne—

It is not clear from these papers whether the Sahildari Cutcherry at Manantoddy has been handed over to the Public Works Department for repair or because it is no longer wanted by the Revenue Department. Major Kennedy will report on this point, and in the latter case he will state whether the building can be utilized in any manner or whether, looking to its present condition, he considers

considers it expedient to  
dismantle it, the materials  
being either sold at auction  
or used for other purposes  
as may seem most  
advantageous.
