IN reply to your letter No. 743, dated the 13th March last, I am directed to communicate the sanction of the Governor-General in Council to the estimate submitted, amounting to Rs. 1,13,530, for enlarging and improving the Main Canal of the eastern section of the Kistna Delta, from Loan Funds.

2. I am, however, to request the submission of a map showing the present state of the several works comprised in the Kistna project, and to enquire, first, whether the statement of expenditure annexed to Colonel Moberly's letter, No. 150, of the 1st February, includes the cost of establishments and the sums expended on past maintenance; and, secondly, whether, in computing the returns, rent-free lands and Zemindary estates in receipt of water have been taken into account.

3. I am also to request that when further estimates connected with this project are submitted, a precise statement may be furnished of the areas irrigated and irrigable under each of the canals, comprising every description of land, assessed or rent-free, Government or Zemindary, previously or newly irrigated; in fact, every acre to which water is supplied by the works together with the former and the present revenue, so as to exhibit clearly the increase of revenue which has been derived in each instance.

4. The sanction accorded herein has been registered as No. 10-I of 1871-72.
