MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No.	1462	Press
		Mis.
501-502.		
Dated	30-5-	1871.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
30th May 1871.*

No. 501. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 10th May 1871, No. 220:—

With reference to the concluding part of G. O., No. 1,011, dated 12th ultimo, I have the honour to report, for the information of Government, that the under-mentioned Executive Subordinates passed the Telugu colloquial test on the 4th instant.

2. The examination was conducted by me, and with a view to test the abilities of the subordinates in question, they were directed to carry on a conversation in the vernacular with a native contractor and two wudders.

3. Messrs. Gill, Dighton, Dady, and Revis, Talook Overseers, although tolerably well acquainted with the language, were nevertheless not, in my opinion, able to express themselves with sufficient clearness to make themselves understood in reference to technical terms, etc. I therefore consider it necessary that they should appear again sometime in August next.

Bellary District.

The Secretary to Government

Enclosures,

Public Works Department

Fort Saint George

Sir,

With reference to the concluding part of G. O. No. 1011 dated 12th ultimo, I have the honor to report for the information of Government that, the undermentioned executive subordinates passed the Telescope colloquial test on the 11th instant.

2. The examination was conducted by me, and with a view to test the abilities of the subordinates

ates in question, they were directed to carry out a conversation in the vernacular with a native contractor and two welders.

3. Messrs Gill, Dighton, Dady
and Travis, Talook Officers,
although tolerably well acquaint-
ed with the language, were never-
theless not, in my opinion, able
to express themselves with sufficient
clearness to make themselves under-
stood in reference to technical terms
&c. I therefore, consider it neces-
sary that they should appear
again, some time in August
next.

I have the honor to be,
Sir,
Your most obedt servant
William Lindfelow
Executive Engineer
in charge

William Pittman
