To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

ACCOUNT, No. 42.

SIR,—With reference to your letter, No. 319-A. G., dated 9th May 1871, in which the Government of India inquire

the circumstances under which outlay was permitted to be incurred on the works marginally noted without due provision of funds, I am directed to explain that the existing accommodation in the building appropriated for the Medical Stores

Alterations to the Mint buildings for the reception of the Medical Stores.
Erection of furnaces required for the Assay Department at the Medical College.

in Fort Saint George already too limited, was, on the abolition of the depôts at Bellary, Bangalore, and Trichinopoly, found quite inadequate. Simultaneously the Government of India ordered the transfer of the Paper Currency Department from the Mint to the Accountant-General's office in the Fort, which adjoins the Medical Store building, and, as the Accountant-General required additional accommodation of a suitable kind and in a convenient position which could be made readily available by removing the Medical Stores out of the Fort to the commodious premises vacated at the old Mint buildings, the arrangement was ordered accordingly; and the matter being one of great urgency, authority was granted for the immediate commencement of such alterations as were required to adapt the buildings for the reception of the stores, as well as for the erection of furnaces at the Medical College to allow of the Chemical Examiner effectively supervising the operations of the Assay Department, the duties of which, under the terms of the Resolution of the Government of India above referred to, devolve upon him.

2. An allotment of funds for these purposes was made from the Reserve under Civil Buildings in the Provincial Budget, for the early issue of which, as explained in my letter of the 31st March 1871, No. 948, every effort is being made. The Superintending Engineer was at the same time directed to expedite the submission of the estimates, and his attention has again been called to the matter.

3. His Excellency the Governor in Council trusts that these explanations will be considered satisfactory by the Government of India.

I have the honour to be,

Sir,

Your most obedient servant,

Colonel, R.E.,
Secretary to Government.
