Proceedings of the Madras Government, Public Works Department, 31st May 1871.

No. 538. Read the following Endorsement of the Chief Engineer for Irrigation, dated Madras, 16th May 1871, No. 22 :—

From the Agent and Manager of the Madras Irrigation and Canal Company, to the Consulting Engineer for the Madras Irrigation and Canal Company, dated Madras, 2nd May 1871, No. 199.

I HAVE the honour to forward an estimate (bill of costs) for Rupees 1,093-6-4 and a supplemental estimate amounting to Rupees 200, the both aggregating Rupees 1,293-6-4, and to solicit the sanction of Government for repairs to the Ayaloor bungalow.

2. Plan of the bungalow accompanies this letter.

SUBMITTED to Government with a recommendation that the above estimates, amounting in the aggregate to Rupees 1,293-6-4, may be sanctioned to the debit of Revenue.

2. The last repair to this bungalow was in 1866 at an estimated cost of Rupees 56, sanctioned in Government Order No. 2,309, of 21st July 1866.

3. The repair estimates now submitted are chiefly for reroofing the bungalow with teakwood, and for removing the old roof which was of country-wood and bamboos. It appears that after this repair is made the bungalow is intended to be a permanent Divisional office.

(Signed) J. G. RYVES, Captain, R.E.,
Chief Engineer for Irrigation.

No. 539. ORDER THEREON, 31st May 1871, No. 1,482.

IRRIGATION, No. 32.

BEFORE authorizing this expenditure the Government desire that the officers of the Madras Irrigation and Canal Company may be called on to explain wherein what is called the supplemental estimate differs from the bill of cost. Both vouchers are dated 14th October 1870, though not submitted for seven months. The work provided in each is similar in kind, and there does not appear to be any reason why all was not included in one regular estimate. Explanation should also be given why the repairs costing 1,092 Rupees odd were executed without sanction.
