No. 544. Read the following letter from the Deputy Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 10th May 1871, No. 206:—

I HAVE the honour to submit an estimate of the cost of constructing a Post Office at the Goondacul Junction on the North-West Line of the Madras Railway, amounting to Rupees 1,085. The office is required for the Postal Clerk, whose duty it will be to separate the mails that diverge at the Junction, and to take charge of those which are detained awaiting the departure of the train to Bellary with the Bombay mail. The Postmaster General has approved of the site and plan of the room, and proposes to pay rent to the Madras Railway Company for the use of the building. The rent to be paid monthly at Rupees $7\frac{1}{2}$ per cent. per annum, on the estimated cost, amounts to about Rupees 7. Funds are available from the Budget allotment* for "Reserve to meet unforeseen requirements," and I request the sanction of Government to the expenditure from "Capital" of Rupees 1,085.

* Rupees 1,35,000.
