MADRAS

SIR,

I have the honor to forward for the most favorable consideration of Government, Copy of letter from the Executive Engineer in charge of the Government Workshop Dowlaishwarum, together with a Petition from the Clerks of the Workshop Office, praying that their services may be reckoned towards Pension.

2. Much has already been said by the late Colonel Chambers, and Major Stoddard as to the expediency of maintaining this Establishment - In fact the former Officer considered its existence, a necessity

3 The question now to be decided is, although the Dowlaishwarum Workshop has been declared a self-supporting institution

2
it may not possibly be that, Government
will, at some future date, take it in hand
themselves, and will not the members of
its Office Establishment then, as a matter
of course, enjoy all the rights and privileges
provided in the U.C.S Pension Rules. If
this measure is not contemplated by Govern-
ment, it remains then, for the points noticed
by Captain Hasted to be taken into
consideration.

4 I quite agree with Captain Hasted
in considering the case, of the Clerks of the
Dowlaisburgh Workshop, one of great hardship.
Much of them, it will be observed
from the enclosed Statement, have from 13
to 20 years service in the Workshop, which,
under existing circumstances, will not, unless
recognized by Government, in any way
benefit them when they are no longer fit for
duty.

5 It is presumed that, the Clerks
and the Establishment of the Government
Workshop at Madras, have had extended
to them the benefits of the U.C.S Pension
rules.

rules. If this be the fact, I trust that,
as the Government Workshop at Dowlaisburgh
is placed on the same footing as the
one at Madras, the Government will be
pleased to allow the Clerks of the former
Office to count their service towards Pension
from the date of their respective appointments.

I have the honor to be

Sir

Sir,

Mr,
I have the honor to submit a petition
from the Workshop Office clerks and to request
that you will be good enough to submit the same
for the favorable consideration of Government.
Whether or no the Dowdais business Workshop
is considered a self-supporting institution, or
nearly all of the work turned out is for Go-
vernment service, and the clerks are to all intents
and purposes Government servants. Their work
is as hard as that of other Government servants,
and I cannot see why they should not enjoy
the same privileges. They are now working side
by side with, and for the same number of
hours as, the Range Office clerks, and are under
the same Officer, but though they may con-
tinue to work for any number of years (and
some of them have already served Government

of the Uncoordinated
Service Pension Rules.

The date from
which the service of
each individual will

will depend on the nature
of his previous employ-
ment and whether

it has been continuous,
and the circumstances

of each case will require
careful scrutiny.
