*Proceedings of the Madras Government, Public Works Department,
5th June 1871.*

No. 62. Read the following letter from the General Superintendent of Public Works Stores and Workshops, to the Secretary to Government, Public Works Department, dated Chepauk, 31st May 1871, No. 123:—

In reply to your memorandum of 30th instant, I have the honour to state that the price of articles issued direct from Stores to parties indenting on payment would be far below the local market rates. In consequence of this, and to secure a profit to the Workshops, it has been the practice to pass all such indents through the books of the Workshops.

No. 63. ORDER THEREON, 5th June 1871, No. 1,513.

ACCOUNT, No. 2.

THERE seems no reason why the Workshops should derive a profit from a transaction in which the establishment incurs neither responsibility nor expense, and the practice which has hitherto obtained of passing indents through the Workshops should therefore be discontinued. When articles are issued on payment to private individuals a per-centago on the book price is added, and if this charge, as the General Superintendent thinks, be below the market rate, all possibility of abuse will be prevented by simply withholding sanction on all future occasions.
