*Proceedings of the Madras Government, Public Works Department,
5th June 1871.*

No. 77. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 15th May 1871, No. 502:—

WITH reference to paragraph 1 of G. O., No. 51, dated 11th February 1871, I have the honour to forward herewith, for the information of Government, copy of a letter, No. 558, dated 4th March 1871, received from Mr. Supervisor Laskey, reporting the circumstances under which the unauthorized outlay therein noticed had been incurred.

2. As the grant of the Vizagapatam District under the head Repairs "Agricultural" had been supplemented by Rupees 3,596 in the latter part of the past official year, I provided funds for all the items objected to by the Controller in my Appropriation Return for March. I am of opinion Mr. Laskey should have sent in the Completion Certificates much earlier than he did.

From Mr. J. W. LASKEY, in charge of No. 1 or Golgondah Range, to the Acting Superintending Engineer, 1st Division, dated Camp at Yellamunchelly, 4th March 1871, No. 555.

WITH reference to G. O., No. 51, dated 11th February 1871, calling my explanation for unauthorized expenditure on the works entered as Items 1 to 12 in Controller's Statement of Objectionable Items for the month of November 1870, my explanation for undertaking the works I beg to leave most respectfully to say, was given in my letter No. 505, dated 29th January 1871; the necessity and the fact of proceeding with the repairs of the works damaged by the heavy rains of October were reported to you in my letter No. 352, dated 30th October. Report to Controller, *vide* his memorandum No. 692, dated 24th March 1870, was, I regret to say, inadvertently not made.

2. Regarding the question of non-submission of Completion Certificate for the work, Item No. 16, I beg to state that from circumstances similar to that explained in the latter paragraph of my letter No. 527, dated 11th February 1871, precluded the final inspection of this work being made before the 13th December, and the certificate was consequently submitted with the accounts for that month.

No. 78. ORDER THEREON, 5th June 1871, No. 1,521.

ACCOUNT, No. 5.

COMMUNICATED to the Controller of Public Works Accounts.

2. The Superintending Engineer of the 1st Division will call the attention of Mr. Supervisor Laskey to the necessity of a close adherence to the rule which requires a prompt report to be made to the Controller in all cases in which outlay is unavoidably incurred on works of an emergent character in anticipation of sanction to estimate or due provision of funds.
