*Proceedings of the Madras Government, Public Works Department,
8th June 1871.*

No. 109. Read the following Endorsement of the Public Department, dated
22nd May 1871:—

From the President of the Municipal Commission, Coimbatore, to the Acting
Chief Secretary to Government, Fort St. George, dated Coimbatore,
18th May 1871, No. 12.

WITH reference to paragraph 4, Proceedings of Government, 18th February
1871, No. 80, wherein Government express a willingness to aid the Commissioners,
as desired, by granting the services of their Engineer Officer in "laying out the
work" (a scheme of land reclamation) "and advising in its execution," I have the
honour to request that Government will be pleased to aid the Commissioners in
granting the services of an Engineer Officer to prepare a plan and estimate of the
cost of the work.

2. Such a work, if undertaken, will have to be done with borrowed money,
and with Government sanction.

3. The chief cost of embankment work is labour, and as my predecessor
calculated on getting the gratuitous labour of convicts, no estimate of the
probable cost was framed.

4. As the first essential step towards carrying out the improvement is the
ascertainment of its cost, I trust that Government will be pleased to afford
this aid.
