CAPTAIN Begbie of the Staff Corps, Executive Engineer, Public Works Department, having made over charge of his range to Mr. West, Supervisor, Public Works Department, on the 27th instant, I have the honour to report, for the information of Government, that I have appointed Mr. J. I beg to add I have no one else in the division I could send to perform this duty.

2. Mr. Smith has passed through the Civil Engineering College, and holds a certificate as a first class Draughtsman.

No. 123. ORDER THEREON, 9th June 1871, No. 1,546.

ESTABLISHMENT, No. 15.

As the arrangement under which Mr. Supervisor West relieved Captain Begbie of the charge of his range did not create a vacancy, the Acting Superintending Engineer of the 1st Division will explain the circumstances under which he considered himself authorized to appoint Mr. Smith to the charge of the Ellore Talook as a temporary Overseer. If there is no vacancy other than that supposed to exist by Supervisor West being appointed to charge of a range the acting appointment of Mr. Smith must be cancelled.
