ORDER THEREON, 9th June 1871, No. 1,551.

ACCOUNT, No. 10.

LOOKING to the nature of the repairs executed to the Revenue buildings in the South Canara District, many items of which are trifling in amount and for unimportant and scattered buildings in remote stations, the Controller of Public Works Accounts is authorized to pass the bills, submitted with this list, amounting in the aggregate to Rupees 803, but it is observed that in the case of the Sea Custom-house at Mangalore, the Travellers' Bungalow at the same place, and the Collector's Cutcherry on which the larger proportion of expenditure was incurred, the repairs might have been inspected by the Range Officer, and this should be done on future occasions.
