*Proceedings of the Madras Government, Public Works Department,
10th June 1871.*

No. 137. Read the following Endorsement of the Controller of Public Works Accounts, dated Madras, 25th May 1871, No. 523:—

From the Special Executive Engineer, Wynaad, to the Controller of Public Works Accounts, dated Luckadie, 22nd May 1871, No. 256.

In forwarding the accompanying bill* for travelling allowance, I beg to say

* Travelling Allowance Bill of T. R. Dorasamy Pillay, 2nd Class Hospital Assistant, Rs. 9.

that the sum claimed as having been paid for cart hire is in excess of the prevailing rates; Rupees 6½ is the usual charge, and though I have countersigned the bill, I by no means see why a larger sum than the ordinary tariff should be allowed.

2. I beg further to point out that this is the third time within seven months that I have had to pay travelling allowance for reliefs of Medical Subordinates; moreover, that the one now sent draws a rate of pay higher than the one according to whose rate of salary the estimate for Petty Establishment was made out.

3. I think it scarcely fair, at a time when the Petty Establishment grants of the Public Works Department are being cut down to the lowest possible scale, that the whole cost of paying a Medical Subordinate, and the contingencies entailed, such as the present claim, should be thrown on this department, seeing that the Medical Subordinate gives his services, whenever required, to the Police, to all Government servants that may require his aid, as well as to casual cases amongst the general public; attending also on all occasions of judicial investigation in which medical testimony is required.

4. Under these circumstances I beg, through you, to submit the case for consideration of Government, with a view either of the department being partially relieved of the charge, or of an increase in the Petty Establishment grant being made.

SUBMITTED for the consideration of Government.

2. The Hospital Assistant formerly employed in the Wynaad was of the 3rd class, and drew, in all, Rupees 45 per mensem, namely, Rupees 25 as salary and Rupees 20 as allowance. The present incumbent is an Assistant of the 2nd class, and is entitled to pay at the rate of Rupees 40 per mensem, which, added to the allowance of Rupees 20, raises his receipts to Rupees 60 per mensem, or Rupees 15 in excess of the regular charge for which the Special Executive Engineer's Petty Establishment Budget provides.

3. In order to meet this excess and other incidental charges, such as travelling allowance, etc., Major Kennedy considers that the pay and allowances of the Hospital Assistant should be divided between this and the other departments of the public service, to the members of which medical aid is afforded. The proposal is accordingly submitted for the consideration of Government, and orders are, at the same time, requested on the bill which forms an enclosure to Major Kennedy's letter.

4. It seems hard, looking to all that is urged by Major Kennedy, that the Public Works Department should be required to disburse the entire pay and allowances of the Hospital Assistant; but should Government be unable to arrange for a distribution of the charge between the Police, Revenue, and Public Works Departments, authority is requested for passing the excess over Budget provision against the saving of Rupees 3,758 on the grant for Petty Establishments for 1871-72—

Sir,

In forwarding the accompanying bill for travelling allowance, I beg to say that the sum claimed as having been paid for cart hire is in excess of the prevailing rates; Rupees 6½ is the usual charge, and though I have countersigned the Bill I by no means see why a larger sum than the ordinary tariff should be allowed.
