*Proceedings of the Madras Government, Public Works Department,
12th June 1871.*

No. 157. Read the following Endorsement of the Officiating Deputy Secretary to the Government of India, Nos. 175-77 I:—

Despatch from the Government of India, Public Works Department, (Irrigation,) to His Grace the Right Honourable the Secretary of State for India, dated Simla, 19th May 1871, No. 56 P. W.

With reference to your Grace's despatch (Public Works) No. 110, dated the 20th December last, we have the honour to request that you will order the manufacture of eight self-registering hydrometers on Colonel Sankey's design,—six capable of registering to a depth of 30 feet, one with tube and driving wheel adapted for a depth of 40 feet, and the other for a depth of 20 feet only: the last should be forwarded to the Chief Engineer at Bangalore for trial in Mysore,—one of the 30 feet instruments *via* Bombay to the Chief Engineer of Public Works in the Central Provinces at Nagpore for trial on the Kanhan River at Kamptee, and the remaining six to the Secretary in the Public Works Department at Madras.

2. The other Local Governments and Administrations have also been asked to report whether the instruments are likely to prove useful in their respective Provinces, and, if so, what number they would require. On receipt of their replies, a further requisition will probably be made.

Copy forwarded to the Government of Madras in the Public Works Department, and the Chief Commissioners of the Central Provinces and Mysore for information.

(Signed) F. H. RUNDALL, Colonel, R.E.,
Offg. Dy. Secy. to the Govt. of India.

No. 158. ORDER THEREON, 12th June 1871, No. 1,564.

IRRIGATION, No. 7.

COMMUNICATED to the Acting Chief Engineer for Irrigation, with reference to his Note No. 95, dated 17th April 1871.

(True Extract.)

(Signed) J. G. RYVES, Captain, R.E.,
Ag. Joint-Secretary to Government.

To the Acting Chief Engineer for Irrigation.
„ General Superintendent of Public Works Stores.
