*Proceedings of the Madras Government, Public Works Department,
12th June 1871.*

No. 166. Read the following Circular from the Deputy Secretary to the Government of India, Public Works Department, (Railway,) to the Governments of Madras, Bombay, Bengal, the North Western Provinces, and the Punjab; the Chief Commissioners of Oudh, Mysore and Coorg, British Burmah, and Central Provinces; the Agents to the Governor-General for Central India and Rajpootana; and the Resident at Hyderabad, dated Simla, 19th May 1871, No. 6 R:—

I AM desired to draw attention to the importance of taking early measures on the lines of Railway to be in future constructed by the State, or under guarantee, for planting trees along the line, and for the growth of live-fences; and to request that the subject may be at once considered on such Railways as are now in hand, and needful proposals put forward. At the stations also, directly the sites are fully settled, trees should be planted, and well protected by means of sufficient fencing. These plantations will require care during the first few years, but will, if duly tended and conveniently placed, soon afford a grateful shelter to passengers, outside the booking office, while waiting for trains. Proposals regarding these fences and plantations should be made to suit each case by the Engineers, when submitting their plans and estimates.

No. 167. ORDER THEREON, 12th June 1871, No. 1,568.

RAILWAY, No. 19.

COMMUNICATED to the Consulting
Engineer for Railways.
