*Proceedings of the Madras Government, Public Works Department,
13th June 1871.*

No. 186. Read the following Endorsement of the Secretary to the Government of India, No. 539 A—R:—

From the Secretary to the Government of India, Public Works Department, (Account—Railway,) to the Joint-Secretary to the Government of Bengal, Public Works Department, Railway Branch, dated Simla, 29th May 1871, No. 338 A—R.

I AM directed to acknowledge the receipt of your letter No. 789-G, of the 19th ultimo, regarding the setting aside from the earnings of a half year of a sum for the repair or renewal of works or rolling stock not properly maintained during the period in question, and, in elucidation of Public Works Department No. 259—64 A—R, of the 31st March 1871, to state that the Consulting Engineer should in future consider it a part of his duty to see that due provision is made from the revenue of the period in any case in which the works or rolling stock of a guaranteed railway have not been maintained in a thoroughly efficient state, and not merely when there is a prospect of surplus profits. If due provision shall not have been made spontaneously by the Railway officials, the Consulting Engineer should deduct the requisite amount from the net earnings before declaring the profits of the half year.

COPY of the above forwarded to the Secretary to the Government of Madras, Public Works Department, Railway Branch, for information and guidance, in continuation of No. 259—64 A—R. of 31st March 1871.
