Sir,
I am directed to acknowledge the receipt of Resolution of the Government of India in this Department No. 241 S. G. dated the 27th March last relative to the transfer of certain items of Public Works Revenue to Provincial Funds; and in compliance with the request contained in the 3rd para thereof, to forward, for the information of His Excellency in Council, the accompanying statement, showing in comparison with the previous five years the estimated amount of Imperial and Provincial Revenue.

The Lieutenant Governor directs me to call

From the Secretary to the Government of India,
Public Works Department.
The Secretary to the Government of India,
Public Works Department.
Fort William, the 19th May 1871

P. W. Dept.
Accounts.

Sir,
I am directed to acknowledge the receipt of Resolution of the Government of India in this Department No. 241 S. G. dated the 27th March last relative to the transfer of certain items of Public Works Revenue to Provincial Funds; and in compliance with the request contained in the 3rd para thereof, to forward, for the information of His Excellency in Council, the accompanying statement, showing in comparison with the previous five years the estimated amount of Imperial and Provincial Revenue.

The Lieutenant Governor directs me to call

call attention to the excess shewn in the Estimate now submitted for Ordinary Revenue, Imperial, viz: Rupees 9,600 over that shewn in Appendix B of Budget Estimate of Imperial Services for 1871/72 submitted with letter, No. 1606 dated 11th February last viz: Rupees 62,300-3-1-... I am also to observe that as the Lieutenant Governor understands the Financial Resolution No. 3334 dated 14th December last, para: 14 it was clearly intended that the Local Governments should have the benefit of all items, of Provincial Revenue, as the Local Funds now have the benefit of Revenue from Local Roads, and she has accordingly framed his Budget Estimate for Provincial Public Works on the understanding that this Revenue, estimated at Rupees 1,03,000, will be available for expenditure on those works. The Lieutenant Governor cannot suppose it has been intended by the Resolution under reply that for instance tolls on roads should be maintained from Provincial Revenue should be credited to Imperial Funds.

5 =
4. The classification that has been observed of the items of Imperial and Provincial Revenue is as follows. -

"Under the head of Imperial tolls, duties, fines and refunds are included. -

Sales of Excess Goods } In the several Divisions included in the
Surplus cash in chest } Budget as Imperial
Fines } and in connection

Barracks Damages and in connection with military works in other divisions. -

"Under the head of Imperial rents are included

"the rents of all military quarters and rents

"of such Civil Buildings viz: Government

"Offices, Apurva Bungalows and others which

"fall under Imperial services. -

"Sales of produce Imperial, include the sums

"realized from sales in military Cantonments

"and Embankments and land taken up

"for military works and Embankment

"Division. -

"Sales of Buildings have been distributed accord-

"ing to the classification of the buildings

Imperial

"Imperial, including Military, and those
of the several departments reserved as Im-
perial and the same may be said of old
material sold.

"Tools and Plant have been classified as Imperial
or Provincial according to the divisions
are shewn as Imperial or Local in the
Budget of 1871-72.

Profit on Barracks supplies is entirely Imperial.
Interest on Sera has been shewn as Provincial
pending final orders on this subject, and all
extraordinary Revenue has been shewn as
Imperial.

Dated Lahore May 1871.

Division of estimated P.W. Revenue 1871/72, into Imperial and Provincial

Sir,

In compliance with your letter No 273 A.G. dated the 27th March 1871, I am directed to forward, for the information of the Govt of India, the accompanying Statement showing actual receipts under each of the heads of P.W. Revenue, classified into "Imperial" and "Provincial" from 1865-66 to 1869-70, as well as the estimated income of 1871/72, similarly classified.

The receipts in the Irrigation Branch have been separately exhibited in the Statement. They are not affected

By

by the present order.

3. It was difficult, if not impossible, to base this separation into "Imperial" and "Provincial," on any but a general principle. Accordingly, it has been assumed that all receipts in Military Divisions are "Imperial," and all in Civil and Road Divisions "Provincial." This seems the best practicable arrangement under the circumstances. The only exception has been the income from rents and sales of buildings. That in account of Military buildings has been treated as "Imperial," and that on Civil buildings "Provincial."

James H. G.

Statement showing actual receipts under each of the heads of Public Works Revenue, classified into Imperial and Provincial, from 1865-66 to 1869-70, and the estimated income for 1871-72 similarly classified. —

Includes Rs. 34,439 on account value of coal sold to the Bengal Railway by the Executive Engineer Salt Range.

Copy of a letter from the Government of India *M. 1871*
to the Chief Commissioner Central Provinces *N. 356* dated
21st May 1871

I am directed to acknowledge receipt
of your Secretary's letter *N. 2022* dated 15th May 1871,
forwarding estimate of Imperial and Provincial
Revenue for 1871/72 in comparison with the
actual receipts of the previous five years,
and in reply to point out that the receipts
of past years have not been divided off
between Imperial and Provincial. This division
is necessary to enable the Govt. of India to arrive
at a conclusion, based on the past, of the
sums that should be permanently
transferred as Provincial revenue. Endeavour
therefore should be made to distinguish
what portion of the actual receipts of the
past 5 years represent revenue creditable
to Imperial funds as described in para 3
of *M. 1871* Resolution *N. 274* A.G. dated 27th
March 1871.

2. It is admitted that some trouble and difficulty will be experienced in making this separation. But extreme accuracy, I am to say, is not required. The necessities of the case will be sufficiently met by classing as Imperial all the receipts of the Godavery Divisions, the Burwan Iron Works, and the divisions in which the bulk of the expenditure was on Military Works. If it happens in any Division that nearly one half of the expenditure was on Military Works and the other half on other services the receipts under the head *Sols dues* &c. may in like manner be divided between Imperial and Provincial, the receipts under other heads being credited as the circumstances of the case may require. All that is wanted is, I am to remark, a rough approximation of the receipts which may be classed as Imperial and Provincial for the five years preceding 1870/71, and I am to request that every effort may be made to give the required information as early as possible.
